

Scuola Politecnica Ingegneria e Architettura

Engineering Technology for Strategy & Security - STRATEGOS

- STRATEGOS** è la Prima Laurea Magistrale in Strategic Engineering in Italia e tra le prime nel Mondo ed è organizzata dall'Università di Genova
- STRATEGOS** dura 2 anni complessivi, compresa l'Internship Semestrale e la relativa Tesi condotte integralmente all'interno di una Azienda (48 crediti su 120 totali)
- STRATEGOS** ha Partner Industriali del calibro di Accenture, Ansaldo, Axpo, BearingPoint, Hitachi, Leonardo, Thales, Tenova, etc. e tutti offrono Internships
- STRATEGOS** fornisce opportunità di Lavoro di Alto Profilo in Grandi Industrie, Aziende di Consulenza, Hi-Tech Startup e Int. Agencies(e.g. Nato, Consorzi di Ricerca)
- STRATEGOS** insegna a combinare Modeling & Simulation, Data Analytics, AI¹/IA² & Machine Learning per supportare il Decision Making Strategico
- STRATEGOS** integra le nuove Tecnologie con fattori abilitanti come IoT³, IoE⁴, Social Media, Human Behavior Models per sviluppare nuove Soluzioni
- STRATEGOS** è realmente Transdisciplinare e, grazie a corsi di Economia e Int. Affairs, insegna agli Ingegneri a lavorare ed interagire con i Decision Makers
- STRATEGOS** è Internazionale, in Inglese, con molti Workshop ove si lavora in Virtual Labs, Simulation, RPG⁵, Serious Games, eXtended Reality (VR⁶/AR⁷/MR⁸).
- STRATEGOS** accetta tutti i tipi di Ingegneri Triennali e gli fornisce un Assessment sul potenziale in Ingegneria Strategica (Skype/Live interview)
- STRATEGOS** per Informazioni aggiuntive siete invitati a consultare il sito www.itim.unige.it/strategos o a contattarci via email a info.strategos@diten.unige.it

Scuola Politecnica Ingegneria e Architettura

Engineering Technology for Strategy & Security - STRATEGOS

- STRATEGOS is the first Master Science in Strategic Engineering in Italy and among the first ones in the world and it is organized by the University of Genoa
- STRATEGOS lasts 2 years in total, including the six-month internship and the related thesis conducted entirely within an Enterprise (48 credits out of a total of 120)
- STRATEGOS has Industrial Partners of the caliber of Accenture, Ansaldo, Axpo, BearingPoint, Hitachi, Leonardo, Thales, Tenova, etc. and all offering Internships
- STRATEGOS provides high-profile job opportunities in Big Industries, Consulting Firms, Hi-Tech Startups and Int. Agencies (e.g. NATO M&S COE, Research Consortia)
- STRATEGOS teaches how to combine Modeling & Simulation, AI¹/IA² & Machine Learning and Data Analytics to support Strategic Decision Making
- STRATEGOS integrates new technologies with enabling factors such as IoT³, IoE⁴, Social Media, Human Behavior Models to develop new Solutions
- STRATEGOS is really Transdisciplinary and, thanks to courses in Economics and Int. Affairs, teaches Engineers to work and interact with Decision Makers
- STRATEGOS is International, in English, with many Workshops where to work in Virtual Labs, Simulation, RPG⁵, Serious Games, eXtended Reality (VR⁶/AR⁷/MR⁸).
- STRATEGOS accepts all types of talent from Scientific & Engineering BS and provides assessments on the potential in Strategic Engineering (Skype / Live interview)
- STRATEGOS for additional information please check our web site www.itim.unige.it/strategos or send an email to info.strategos@iten.unige.it

Scuola Politecnica Ingegneria e Architettura

Engineering Technology for Strategy & Security - STRATEGOS

STRATEGOS est le Premier Maîtrise en Ingénierie Stratégique en Italie et parmi les premiers au monde et est organisé par l'Université de Gênes

STRATEGOS dure 2 ans au total, y compris le stage de 6 mois et la correspondante thèse menée entièrement au sein d'une Entreprise (48 crédits sur un total de 120)

STRATEGOS a des partenaires industriels du calibre d'Accenture, Ansaldo, Axpo, BearingPoint, Hitachi, Leonardo, Thales, Tenova, etc. et tous offrent des stages

STRATEGOS offre des opportunités d'emploi de haut niveau dans les Grandes Industries, Consulting, les Hi-Tech Start-up et les Agences Internationales (e.g. OTAN)

STRATEGOS enseigne à combiner modélisation et simulation, AI¹/IA² & Machine Learning et Data Analytics pour la prise de Décision Stratégique

STRATEGOS intègre les nouvelles technologies avec des facteurs tels que IoT³, IoE⁴, Social Media, Human Behavior pour les Nouvelles Solutions

STRATEGOS is really Transdisciplinary and, thanks to courses in Economics and Int. Affairs, teaches Engineers to work and interact with Decision Makers

STRATEGOS est international, en anglais, avec nombreux ateliers avec Simulation, laboratoires virtuels, RPG⁵, Serious Games, eXtended Reality (VR⁶/AR⁷/MR⁸)

STRATEGOS accepte tous les types de baccalauréats en sciences ou ingénierie et fournit une évaluation du potentiel en Strategic Engineering (Skype ou en direct)

STRATEGOS pour autres informations visitez notre site www.itim.unige.it/strategos ou par envoyez nous une email info.strategos@diten.unige.it
